Subject: Winter Storm Warning for Forest Lakes

Hi, Forest Lakes residents and friends,

I'm sure you keep informed about weather reports where you live and also track weather information for Forest Lakes. We are in for a "big one" starting today and continuing through next Tuesday, January 24th. We could expect around 30" of snow.

The National Weather Service has issued a Winter Storm Warning. Please read the following advisory. Please avoid travel to these areas until the storm is over if you possibly can. And, as always, be wise and safe!

?

Here is some information about **Winter Preparedness**

For your home, always have on hand:

Three days of non-perishable food and water (one gallon per day per family member)
First aid kit and extra supply of medication
Personal hygiene supplies, extra clothing, footwear, gloves, blankets, sleeping bags
Extra food for pets and livestock
Flashlight, extra batteries, candles and a battery operated radio
Alternate heat source (kerosene, wood, etc.)
Full propane tank (if applicable)
Extra set of car keys, cash, credit cards
Snow shovels and a snow breaker for driveway windrows
An emergency plan for the entire family
Contact information for a private snow removal company in your area.

For your vehicle, follow these preparedness tips:

Winterize your vehicle (antifreeze, wipers, battery, snow tires)
Carry an emergency kit consisting of tire chains or cables, blankets, tow strap, jumper cables, flashlight, water, first aid kit, ice scraper, extra clothing, and appropriate tools
Keep the gas tank at least half full
When traveling, let someone know your intended route and expected time of arrival
Allow extra time for travel
Extra blankets and food.

As you well know, snow storms can create inherently hazardous driving conditions regardless of snow removal operations. Having four-wheel-drive or tire chains are helpful tools for motorists, but when the weather is bad and visibility poor, everyone is encouraged to drive only when necessary and then to drive for the conditions of a given storm.

County Ordinance 86-6 prohibits parking on county roadways beginning on Nov. 1 of every year. If snowfall is imminent before then, then please help our plow operators by avoiding parking on County roadways and pull in your rolling trash containers as soon as possible after collection.
